THURSDAY, MAY 26, 1898.

The naval court-martial must not
fail to hang the spy-Subral.

Kansas sends in her quota of vol-
unteers, about 600 school teachers.
These patriotic gentlemen not only
teach the young idea how to shoot
but take a hand in shooting exercises
themselves. All honor to the Kansas
patriots.

Although Polo de Barnabe has
been invited thence by the Canadians,
he has left his shadow and accom-
panie Du Bese behind him to carry on
the business at the old stand under
a new name. How long before Du
Bese's absence will be good company
for the Canadians?

It would be well for Sampson to
destroy the batteries at Porto Rico
and an armed force of our troops oc-
cupy the island, and then let him sail
for the Canaries. This would give
the fallow and beeswax inhabitants of
the peninsula some matters to reflect
upon closer at home.

The Governor seems determined
that no military appointment which
he controls shall get away from Cen-
tral or Eastern Kentucky. It is a
pity the Governor forgets the "Pur-
chase" is a part of the state of Ken-
tucky, and overlooks many good men
in this section worthy to lead Ken-
tuckians to battle.

With the ability of the Cubans to
drive the Spanish outposts into San-
tiago—with the facilities of the Cen-
trals to obtain information—and with
the ease with which they might com-
municate with Commodore Schley,
there ought to be no uncertainty as to
whether Cervera is "bottled up" in
Santiago bay. The chance of

Cervera slipping out to sea during a
night or a fog is limited.

This content could devote some of
the time they spend in fusing, in
looking after the interests of the city.
If the sprinkling of the streets was
investigated they would find that all
the principal part of the city could be
sprinkled at a very small expense to
the sluttish property. The saving
in repairs alone would more than
cover the expense, besides the other
benefits derived therefrom.

There has no move been made to
put the streets in repair where the
sewer has been completed; it seems
this is negligence on the part of
someone whose duty it is to see after
such matters. It is bad enough to
have to contend with what inconven-
iences are necessary in laying the
sewer. These matters should be at-
tended to at once and prevent the
entire city being turned up at one
time.

Spain affects to believe Cervera
will hold out until the Cadiz fleet,
under Canara, shall come to his re-
lief. It is hoped the latter will not
be long in attempting success. Schley
and Sampson will be only too
happy to meet the distinguished ar-
rival, and whip both Spanish fleets at
the same time, so as not to delay the
capture of the Canaries and the bom-
bardment of Cadiz, Valencia, Barce-
lona, etc. There is not the remotest
chance of the Cadiz fleet sailing to
the West. The Spanish have too
many eggs in one basket just now.

If the council cannot get an en-
gineer that is capable of putting the
street roller in out of the weather,
and will ask Mr. Miles, the en-
gineer who managed the roller so
capably, no doubt he will put it in
the house for them. It is a case of
gross neglect to permit the machine
to stand out in the weather for a
week at a time for the want of at-
tention on the part of those who are paid
to attend to this matter. If the
Mayor is going to permit all his sub-
ordinates to run matters to suit them-
selves, there is no use of the city
having a Mayor. Better abolish the
office and save the expense.

One of the last official acts of the
city council preceding the present
council was the passage of a resolu-
tion asking property owners, where
possible, to tap the sewer just as fast
as completed. That act of the coun-
cil has not been rescinded by the
present council, and hence is in
force. But our city engineer, who

seems not only to be a law unto him-
self, but also into the whole city, has
said that the sewer shall not be
tapped, and it is not, he refusing to
grant any permits. If the city coun-
cil had any nerve it would call down
the presumptuous engineer, but it
doesn't.

The use of gold in the money
transactions of business is something
startling to a moss-back free and
unlimited-silverman. In fact, he is
not disposed to believe it. Never-
theless it is true that the excess of
imports of gold for the present fiscal
year is \$30,000,000, while the coin-
age of our mints is in excess of \$50,-
000,000. These give a clear gain to
our stock of gold of over \$140,000,-
000 in one year. The actual use
and payment of gold in ordinary
business is phenomenal, and at the
same time satisfactory. Even Mr.
Bryan has quit "the silver business"
and "gone for a soldier." We hope
he may not be killed nor wounded,
for we know he will come back a
smarter—a wiser man—as war will
give him a chance to appreciate
changed conditions.

Cervera, if bottled up in Santiago
Bay, at least has an opportunity to
try the efficacy of the much vaunted
torpedo boat as an aid in practical
warfare. If he can find no use for
them now, it is hardly likely there
will occur within the next century
a time when such outfits will serve
a naval commander. Those boats are
the most destructive instruments in
modern warfare, if a time can be
found to use them; but the methods
adopted render them unavailable for
destructive purposes. If one of those
boats could slip out of the harbor and
fire one of her torpedoes at a ship
within fair range, it would simply
annihilate it. There is such constant
watch kept, and the little boats are
so fragile, they might soon pay the
penalty if they attempted an assault
on a battleship. Cervera, however,
has a chance to make them available,
if practicable. If not practicable
under what necessities will they ever
be of benefit as factors in war.

The German newspapers are of
late giving much attention and dis-
cussion to the Monroe doctrine. One
cannot lay a great deal of stress on
what those papers say. They are in
continual dread of the press censor
and those who are not weary of
king craft, have to sing the same tune
as those who are, for fear of conse-
quences. That press is not a free
press in a free land, and their views
must of necessity be taken with much
salt. There is a vast jealousy of this
country in that land. Thousands of
Germans who love to be free, have
come to the United States, and by
their energies have added to the power
and wealth of this republic. The
personal bravery and industry have
given them homes, wealth, plenty and
station in a free land, whose freedom
they help maintain. They have no
favor to ask of anyone, and no hope
higher than to transmit their freedom
to their children. This situation of
the American German is so much
higher, better, freer and nobler, than
in the old land, that envy has made
many in the fatherland hiss at the
name America.

"DEWEY"
Supper and Banquet.

On Saturday evening, May 28, 8
p. m., at "Commodore Bozoe's
Headquarters" there will be given a
"Dewey supper and banquet" in
honor of the gallant and intrepid
defender of our country's flag, who
recently, in the most daring exploit
of the country, achieved the greatest
naval victory of ancient or modern
times, and in the enemy's own
country triumphantly hoisted the
stars and stripes.

At this festive occasion THE
BEST OF THE LAND will be
served in befitting style and manner,
and to all loyal subjects of Uncle
Samuel and true followers of the
"Red, White and Blue" who may
desire to participate, partake and
pay tribute to whom tribute is due, a
cordial, sincere invitation is hereby
extended to come, and see, and hear
the great American eagle scream.

AS "KITCHEN FURNITURE."
Gibraltar, May 27.—Information
obtained here from a trustworthy
source says that a consignment of
forty Krupp guns, suitable for forts
or battleships, has been sent from
Essex, Germany, to Cadiz, and is
now on its way through Spain. It is
said the guns passed through the
German, French and Spanish custom
houses as "kitchen furniture."

HAWAIIAN QUESTION SHELVED.
Washington, May 27.—Speaker
Reed has given the word that the
Hawaiian question shall not be
brought up in the house this session.
Efforts to induce him to call for a
special rule have been futile. Mr.
Hitt of the house foreign committee
has practically abandoned the idea of
having the Newlands-Davis joint res-
olution considered.

The movement started a few days
ago to hold a caucus with a view of
having the speaker consent to the
bringing up of the resolution has fal-
len through.

UNPRECEDENTED.

Indications That the Wheat Crop
Will Aggregate 650,000-
000 Bushels.

All the Conditions Are Most Fav-
orable For This Vast Amer-
ican Crop.

Indications are that the wheat crop
of 1898 will be the greatest in the his-
tory of this country.

From figures that are being col-
lected and compiled by some of the
big Chicago firms, based on the re-
ports of experts in every section of
the country, the incoming wheat
crop is estimated to exceed 650,000,-
000 bushels. All the conditions are
reported as being of the most favora-
ble nature, and while there is a de-
crease in the acreage the total yield
will be more than double that of
1897.

Kansas looks up as the banner
state this year, an increase of 28 per
cent. in the acreage having been re-
ported. Estimates on the yield vary
all the way from 70,000,000 to 100,-
000,000 bushels, while the combined
crops of Kansas, Nebraska and Okla-
homa is estimated at 150,000,000
bushels. Of this 30,000,000 to 40,-
000,000 bushels are credited to Okla-
homa, and Kansas will have 80,000,-
000 to 100,000,000 bushels.

As compared with the planting in
Illinois in the fall of 1896, there has
been a decrease of 16 per cent. in the
acreage, but in spite of this the condi-
tions in the Sucker state are about
the same as in Missouri, and the
apparent decrease in acreage is dis-
counted by the amount of wheat
that was sowed up in the spring of
last year. The 1897 crop in Illinois
amounted to little less than 10,000,000
bushels, whereas it is generally con-
ceded that this year's crop will be
nearly, if not fully, treble, or bet-
ween 25,000,000 and 30,000,000
bushels.

Texas will have a 20,000,000
bushel crop. Never before has the
wheat looked so fine in the Lone Star
state as it does now.

Indiana will come to the front with
a crop of 15,000,000 bushels. This
is nearly 17,000,000 bushels better
than last year's crop of 32,000,000
bushels, while the government re-
ports show a decrease of 2 per cent.
in the acreage planted this year.
From Iowa and Michigan the reports
are that the crops will probably be a
little better than they were last year.

Missouri had a crop last year of
14,000,000 bushels. This year yield-
ing to estimates, it will yield bet-
ween 25,000,000 and 30,000,000
bushels.

In addition to this, all of the
Southern states show largely increas-
ed acreage, as do also California and
every one of the Eastern states. The
aggregate increase in the acreage
planted this year in the country at
large as compared with that of the
fall of 1896 is 5.7 per cent.—Louis-
ville Times.

Telephone Linemen Arrive With
the Wires—Are Making
Rapid Work.

Will In a Short Time Return to
Graves County, and Then Go
On to the Cairo Work.

The thirteen telephone men who
have been constructing the East
Tennessee Telephone company's line
from Hickory Grove to Paducah,
reached the city yesterday afternoon,
and are now in town. Ninth and
Trimbles streets were reached before
dark.

As soon as the wires are strung the
corps of workmen will leave by train
for Hickory Grove, to begin the con-
struction of a line from Hickory
Grove to Lowes. This will require
about three weeks, after which the
work to Cairo will begin, and which
will probably require five months or
more.

JOE SMITH'S CONDITION.
Mr. James Smith returned this
morning from Lexington, where he
went to be at the bedside of his
brother Joe, who left here with the
Paducah company and was taken
to the hospital with pneumonia. His
mother remained. He reports the
young man as in a dangerous con-
dition, he now having typhoid pneu-
monia. It is thought that he will
not be able to leave the hospital for
at least three months, if he recovers.

ARREST IN LIVINGSTON.
Jake Dorman, of Livingston coun-
ty, has been arrested. He was over-
powered by a posse of officers and
compelled to surrender. Dorman
had been wanted for several months
on a charge of raising a one-dollar
bill to a ten-dollar bill, and with pay-
ing his taxes with it. He always de-
fied the officers, and several times
fired on them when they went to ar-
rest him.

CONTRACT ABOUT FINISHED.
The contract for 300 sets of finest

by E. Bekhoff & Son last Friday, is
about finished and will be shipped
today, in all probability. It is one
of the largest jobs of its kind ever
gotten out in Paducah.

POSTAL HONTS FOR THE PUBLIC.

Don't mail any letter until you are
sure that it is completely and properly
addressed.

Don't place the address so that
there will be no room for the post
mark.

Don't fail, in the hurry of business,
to write the name of the state you in-
tend and not your own—a very com-
mon error.

Don't fail to make certain that the
name of the office for which you in-
tend to write the name of the office for
which your letter is intended, to be
mistaken for one similar in appear-
ance. It is often better to write the
name of the state in full.

Don't fail, if you are in doubt as to
the right name of the office for
which your letter is intended, to con-
sult the Postal Guide, which any
postmaster will be pleased to show
you.

Don't fail to give the street and
house number of the person for whom
your letter is intended in addressing it
to a city or large town.

Don't mail any letter until you are
sure that it is properly stamped.

Don't fail to place the stamp in the
upper right-hand corner.

Don't write on the envelope, "In
haste," "Care of Postmaster," etc.; it
does no good, and tends to confu-
sion in the rapid handling of mail
matter.

Don't fail to bear in mind that it
is unlawful to enclose matter of a
higher class in one that is lower,
e. g., merchandise in newspapers.

Don't mail any letter unless your
address, with a request to return, is
upon the face of the envelope, so that
in case of non-delivery it will be re-
turned directly to you.

Don't fail to give your correspond-
ent's full address, so that a new
postman cannot fail to find you.

Don't fail to notify your postmas-
ter of any change in your address,
either of location in the city or re-
moval to another city.

Don't trust to the fact that you are
an "old resident," "well known citi-
zen," etc., but have your letters ad-
dressed in full.

Don't fail, if you intend to be
away from home for any length of
time, to inform your postmaster
what disposition shall be made of
your mail.

Don't delay the delivery of any
mail matter that you may take out
for another.

Don't fail to sign your letters in
full, so that if they reach the Dead
Letter office they may be promptly
returned.

Don't, when you fail to receive an
expected letter, charge the postal ser-
vice with its loss until you have
learned from your correspondent all
the facts in regard to its mailing,
contents, etc.

Don't mail a parcel without pre-
viously weighing it to ascertain prop-
er amount of postage.

Don't wrap a parcel in such a
manner that the wrapper may become
separated from the contents.

Don't seal or wrap parcels in such
manner that their contents may not
easily be examined.

Don't mail parcels to foreign
countries without special inquiry con-
cerning the regulations governing
foreign addressed mail matter.

Don't attempt to send merchandise
to foreign countries, other than Cana-
da and Mexico, in execution of an
order or as a gift unless the postage
is prepaid in five cents per half-ounce.

Don't fail to put the address of the
sender on each parcel before mailing.
This to facilitate a return to the send-
er in the event of non-delivery.

Don't send currency or coin in a
letter. It is a money order.

Don't send packages of value by
ordinary mail. Pay eight cents ad-
ditional for registering.

Don't neglect to send to the Post-
master, the envelope of letters claim-
ed to have been delayed, or delivered
wrong, noting thereon the date and
hour received.

Don't forge, you expect the letter
carrier daily (except Sunday), each
trip regularly, be it hot or cold, rain
or shine; please receive mail from
him promptly; he is not allowed to
wait but a few moments. Receiving
boxes should be located conveniently,
in which carriers can deposit the mail,
especially in the residential districts.

Don't forget, the people have a
greater interest in the postal service
than in any other department of the
government, and through the efforts
of the public to meet the require-
ments of the same, the service can
be improved, and the public greatly
benefitted.

Don't fail to report to the post-
master or his assistant, any negli-
gence or inefficiency of any one of the
employees. They are required to be
courteous and attentive to all.

Wall Decorating

Is our business, our pastime, our de-

CIRCUIT COURT.

The case of Spriggs against the

American Life Insurance Co. is still

on trial in the circuit court, and has

been most of the week. Judge Bishop

is special judge in the case.

NEW AGENT.

Mr. M. L. Teevin, who was formerly

local agent for the Standard Oil

company, will arrive tomorrow morn-

ing to take charge, succeeding Mr. S.

W. Bennett, who will leave Paducah.

Mr. Teevin has been in Cairo since

he left Paducah.

PAINFUL ACCIDENT.

Little Miss Gwin Perkins, daughter

of Mrs. Adlie Perkins, fell from a

fence at the residence of Mr. M.

K. Scott yesterday afternoon and

broke her left leg above the ankle,

by her foot catching in the pickets.

CITY NOTES.

Assistant Engineer Lyon Arrives and Goes to Work at His Job.

Several Communications Are Received at Headquarters of An Interesting Nature.

Assistant Engineer Lyon arrived this morning from Jacksonville, Fla., and went to work at once. He was warmly greeted by his many friends here, and was pleased to return to Paducah, which he had made his home for several months.

Mayor Lang today received a letter from Wilkins & Bradburn, of Bowling Green, making inquiry relative to whether corporations are required to execute bond here. They are not.

The Kentucky Manufacturer and Trader, of Covington, is the name of a magazine that is published in the interest of the state. It writes here that if the people will subscribe \$20,000 to an industry requiring \$20,000 additional, it will guarantee the city the plant. No action had been taken.

Mayor Lang is in receipt of a letter from Richard Humphreys, of Milwaukee, asking for a description of the tramp who had been in the city. The clipping he saw was in a Chicago paper, and did not give the name of the tramp.

As will be seen from a card elsewhere, Marshal Collins will enforce the dog law, beginning at once. Boys will be paid for all dogs delivered at the city pound, and extra men will be employed to assist. This is Mayor Lang's first effort to enforce the dog law, and he intends that all shall pay license who have dogs. The tax is \$2.50 on females and \$1.50 for males. The tags cost extra, and are different in color and shape from any used heretofore. All dogs not called for will be drowned. There are about 600 licensed dogs in the city, and it is expected many more will be found this year, and a considerable revenue will result to the city.

Judge Sanders had an exciting time on Second street this morning. He went down to market rather early, and while there was besieged by a crowd of denizens of that street, some of whom were mixed up in a case in which a warrant was issued the day before. Each insisted on stopping the judge and relating his or her side of the case, and finally they came near starting something else. The judge insisted it was no place to hold court, and escaped.

POLICE COURT.

There Were Few Cases This Morning Before Judge Sanders.

Another Horse Case Dismissed. Other Proceedings of the Court of the Usual Nature.

John Perry, a colored roustabout, was charged with stealing from Had Martin, an employee of the N. C. & St. L., a suit of clothes, a hat, a pair of shoes and 50 cents were stolen, and Perry confessed. He was held to answer and in default of bond was remanded for house breaking.

There was a case before Judge Sanders this morning against Mrs. Trammel, late of Metropolis, and Nora Foot, charging them with running a disorderly house. The latter had not been arrested, and the case against the other was continued until tomorrow.

The case against Mr. Courtney Long for allowing his horse to run at large, was dismissed, as he testified that he did not turn the animal out, and did not know who did. The evidence showed the horse got out.

Mrs. A. Marceffsky pleaded to spitting on Mrs. Ike Antman, and calling her names. She was fined \$5 and costs.

HOSPITAL STeward.

Dr. Lillard Sanders Leaves to Accept This Appointment.

Dr. Lillard Sanders, one of Paducah's best known young physicians, today received the appointment of chief hospital steward of the Third Kentucky regiment, and leaves tonight at 1:30 o'clock for Lexington to join the boys.

He was appointed by Dr. Frank Boyd, chief surgeon of the regiment, who is a good friend of Dr. Sanders, and who knows the young man's ability.

Dr. Sanders has been a practitioner here since he graduated at Chicago several months ago, and his many friends who will regret to see him leave, but who will wish his success. He is a son of Dr. W. H. Sanders, of Arcadia.

Beauty Is Blown Deep.

Clean head means a clean skin. No beauty without it. Cosmetics cannot clean your head and keep it clean, by stirring up the lazy layers and driving all the particles from the body. Begin today with hairbrush, comb, bottles, backheads, and that sticky brown complexion by taking Cicada—beauty for ten cents. A fulling comb, satisfaction guaranteed, 10c, 25c, 50c.

OF CONSUMPTION.

Death of John Brady in the Hospital Last Night.

John Brady, an employee of the Illinois Central, died in the hospital here last night of consumption after a lengthy illness. He was 63 years old, and had been here the last time about five days, but returned to Memphis a month ago, and returned to Paducah, and that sickly looking complexion by taking Cicada—beauty for ten cents. A fulling comb, satisfaction guaranteed, 10c, 25c, 50c.

The delegates will return home today.

The Episcopal diocese adjourned this afternoon, after being in session three days, and was one of the most successful ever held. There were many delegates in attendance and several splendid addresses were delivered, among them being that by Rev. Mason, of Louisville, last night. He spoke to a large crowd, and all pronounced it one of the best ever heard.

The delegates all leave for home today. The next diocese will be held at Louisville next May.
